25 January 1967

NOTE FOR: JSW

Colonel Joe Clark, Air Force, called and advised that the Secretary of Defense has received an unclassified letter from Chairman Rivers indicating he would like to have Mr. McNamara appear about 1 February or soon thereafter on posture hearings. He indicated further that he intends to have the DCI appear before that time. Colonel Clark was interested in whether we had established a tentative date. I advised that we had not but are awaiting the Chairman's pleasure. I also told him we would give him a buzz as soon as we had an indication as to the time. I have advised [redacted] to alert them to the possibility of posture hearings next week.
